Japanese	Elementary

EDUCATION

Bachelor of Business Administration
University of Economics HCMC (UEH) · **2013 – 2017**

PROFESSIONAL SUMMARY

Planning leader with **nearly 9 years in planning**, including **6 years at a nationwide retail chain of around 50 stores**. As Head of Planning reporting to the CEO, I own business planning, forecasting, store P&L analysis, network development and the data & BI function, and co-develop the annual budget with Finance and business units. A **Chief Accountant** foundation combined with **SQL Server, Power BI and Agentic AI** lets me turn data into clear recommendations backed by numbers.

9 yrs in planning	**~50** stores in planning scope	**20+** investment projects appraised	**~70%** data requests now self service

Looking ahead: growing into a broader leadership role in retail finance and strategy, building planning teams where finance, data and AI work as one system to drive profitable growth.

WORK EXPERIENCE

PHUONG NAM RETAIL CO., LTD. (PNC GROUP) — *Bookstore chain, ~50 stores*

Head of Planning — **Mar 2026 – Present**

Lead the Planning Department within the Planning & Management division, reporting to the CEO and working closely with the COO; own planning & FP&A, network development and data & BI.

PLANNING & FP&A

- Co-develop the **annual budget** with Finance and business units; lead the monthly business plan and rolling forecast by category, region and store.
- Deliver store P&L reviews and full-year forecasts that set the baseline for next year's plan.
- Built a **bottom-up daily revenue plan** that cascades monthly targets to every store, category and day.
- Rebuilt remaining-year targets for all categories **within 5 working days** after a network restructuring.

NETWORK & REAL ESTATE

- Build business cases for openings, relocations, renewals and closures; modelled **early exit costs** (rent penalty, deposit, unamortised fit-out, lost profit) to guide decisions.
- Support rent and space negotiations with malls and landlords; priced F&B partnerships in flagship stores **50%+ above current rent**.
- Connected airport outlet sales to the landlord's revenue system and relaunched the outlet **on schedule**.

DATA, BI & AI

- Own the SQL Server data warehouse and Power BI semantic model behind management reporting.
- Built **Agentic AI on Power BI**: managers ask in plain language, agents write DAX, explain variances and push scheduled KPI alerts; **~70% of ad hoc requests** became self service, saving **~40 hours a month**.
- Built an **ecosystem of 3 internal web apps** (Supabase, Netlify, Claude): task tracking, daily/weekly reporting, data lookup, P&L dashboard, store site mapping and an AI assistant.

WORK EXPERIENCE (CONTINUED)

Investment Planning Specialist — May 2021 – Feb 2026

Phuong Nam Retail · Planning & Investment Department

- Built and ran the company business plan: process, templates, target setting and in-year revisions.
- Moved reporting from manual Excel consolidation to **SQL Server and Power BI with 20+ management reports**; standardised the store-level P&L into an interactive CEO dashboard.
- Managed the business database, access rights and data security; supplied data to all departments.
- **Appraised 20+ projects** covering new stores, relocations, refits, bookcafes and warehouses, and tracked performance after opening.
- Managed the lease portfolio: new leases, renewals, subleases, landlord negotiations and store handovers.
- Introduced **R80, R20, R0 and RNEW SKU ranking** reports used weekly by category teams for buying and allocation; ran stock-day, out-of-stock and overstock analysis with transfer and clearance proposals.
- Prepared regulatory reports for city departments, the Book Street board and airport authorities; contributed to the department charter and organisation structure.

General Planning Officer — Oct 2020 – Apr 2021

Phuong Nam Retail

- Took part in annual and monthly business planning; tracked and reported daily, weekly and monthly results by store and category.
- Automated reports with Excel, VBA, SQL and Power BI; planned sales programmes and in-store events and measured their impact.

HOA PHAT GARMENT

Garment manufacturing

Production Manager — Apr 2020 – Sep 2020

- Built company-wide production plans as soon as orders were confirmed; converted orders into material requirements and schedules by line, style and delivery date.
- Balanced line capacity against volume and deadlines; coordinated merchandising, purchasing, cutting, sewing, QC and warehouse for on-time delivery; reported progress to management.

VIET TIEN GARMENT CORPORATION

Export garment manufacturing

Production Planning Officer — Nov 2017 – Mar 2020

- Planned export orders end to end: material requirements, purchasing, contracts, production scheduling, customs documents and shipment.
- Monitored factory execution; worked with merchandising, technical and QA teams to resolve issues and set standards for new products.

SELECTED PROJECTS

Agentic AI on Power BI
AI agents answer business questions in plain language, write DAX and explain variances. **~70% self service, ~40 h/month saved.**

Planning web app ecosystem
3 apps on Supabase and Netlify: tasks, reporting, data lookup and an AI assistant. **15+ modules.**

Store exit cost model
Compares early closure with trading to lease expiry, the basis for the **network restructuring**.

Bottom-up daily revenue plan
Cascades monthly targets to store, category and day; **targets rebuilt in 5 days.**
